Updates from the Staff Assembly Co-chairs
To simplify the process of changing jobs and advancing across UC campuses, the Office of the President has created a system-wide job search engine. Online searches for similar jobs at all UC locations can be done in one place at the UC Systemwide Job Search website.

The Office of the President's Employee Relations Department will be conducting a “Pulse Survey” to measure the level of engagement of non-represented staff. The survey will be sent to a random sampling of staff in efforts to identify actionable items that will help increase job satisfaction. For those who receive the survey, please take the time to complete it.

Watch for future press releases from UCSA on the 5sm.

Winter Warmer Wrap-up

The first Annual Winter Warmer celebration and Arts and Crafts Bazaar was held on December 14th from 11-4 by the reflecting pool behind Chancellor Hall. The event was held in December since we didn't want to wait until Staff Celebration Week in the spring to let staff know that they are appreciated for all they do at UCSB. All in attendance were given a ticket for a drawing of prizes donated by the staff artists selling their work.

Meet SA Member: Kori Soltz, Housing

Originally from Denver, Colorado, I moved to California at age 2 and have lived all up and down the coast since then, spending most of my years in Santa Barbara. I started my UCSB career when I moved back to Santa Barbara in 2001 after working and living in the Bay Area for a few years upon graduation from UC Berkeley. I worked for Instructional Development as a Personnel/ Payroll Assistant for three years. In 2004, I moved to Housing & Residential Services and became the Office Manager for De La Guerra Dining Commons. In 2006, I transferred to Cantilo Dining Commons, which includes Special Events Catering and Concessions. Prior to working at UCSB, I held several positions in the Healthcare Industry, however, being a "Hokie" (my Dad is a Coach), I am happy to be back in food service, while still being of service to staff. Not to mention, I get to live and work in Paradise!

After a few years on campus, I wanted to become more involved and build a strong network for collaboration at UCSB. A co-worker had joined the Professional Women's Association (PWA) and recruited me to join. I joined and was the Unsung Heroine Awards Coordinator for the upcoming annual professional development conference. I did this for another year, along with helping plan the conference. At the end of the conference that year, I was asked to run for Co-Vice President and was elected. I continued my term, serving then as President and Past President and set for a total of 8 years on the Steering/Executive Committee for PWA. During my tenure here, we revamped and streamlined many processes and made great strides in bringing the organization back to its roots.

Once I left PWA, I had the opportunity to work on a project with a strong voice on campus. I decided to join the Chancellor's Staff Advisory Council (CSC) for the three year term. I served concurrently on PWA and CSC for one year. While on CSC, my primary passion and focus was the Staff
Celebration Week activities, mostly due to the efforts already laid out from my work with PWA and my desire to bring the staff groups on campus closer together in an effort to impact more staff. I focused on creating opportunities for networking, support and collaboration on campus. My intention was to inform and make an impression on staff with the hope of motivating them to get more involved as well. Staff issues were of concern to me as well. I served on the Staff Housing Committee and strived for more staff outreach and awareness. I participated in the creation and implementation of the campus-wide staff housing survey and worked with focus groups in departments with limited resources to gain insight on staff housing needs. I was also on the committee that helped form the "S-List". I realized while serving my last year on CSAC as Co-Chair, that getting staff buy-in and being able to make actual change and progress is a timely manner for an organization to get that buy-in would be some of our biggest challenges. I believe that is something that will continue to be a staff issue given the budget and economic climate, along with the struggle between perceived power and privilege on campus.
